Souvenirs de ...

Memories of ...

Bonjour et bienvenue dans mon monde photographique !

Cette sélection d'environ 50 photos aurait pu s'intituler « 50 nuances d'architecture » pour paraphraser le titre d'un film connu, mais finalement j'ai préféré lui donner le nom de :

« Souvenirs de ... / Memories of ... »

Il s'agit là en effet d'une sélection de mes photos d'architecture préférées et qui me rappellent mes différents voyages à travers l'Europe, commencé à la fin de l'été 2021.

Compte tenu du fait que je compte bien en faire encore quelques-uns dans les années qui viennent, il y a de fortes chances pour que le présent album soit complété par d'autres pépites que je vais bien arriver à découvrir durant mes prochaines pérégrinations.

Comme toujours, si vous étiez intéressés par obtenir un tirage d'une (ou plusieurs !) photos présentées ici, n'hésitez pas à me contacter par mail (voir ci-dessous).

Hello and welcome to my world of photography !

This is, in fact, a selection of around 50 photos could have been called '50 Shades of Architecture', to paraphrase the title of a well-known film, but in the end I decided to call it :

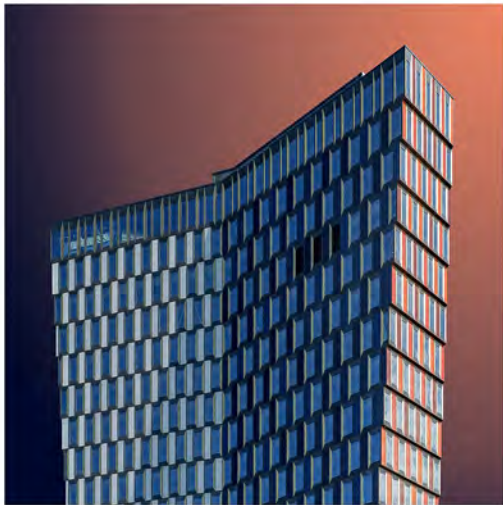

« Souvenirs de ... / Memories of ... »

This is a selection of my favourite architectural photos, which remind me of my various trips across Europe, starting at the end of summer 2021.

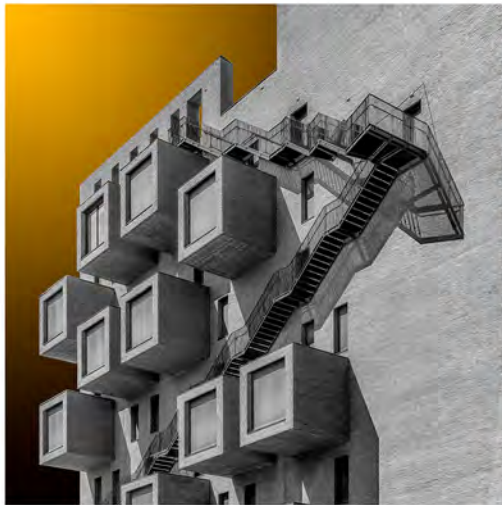

Given that I fully intend to undertake a few more such trips in the coming years, there is a good chance that this album will be supplemented by other gems that I am sure to discover during my future travels.

As always, if you're interested in obtaining a print of one (or more!) of the photos featured here, please don't hesitate to contact me by email (see below).
